

21KM FUN RUN/WALK

RUN/WALK Starting on the NSW side of the Swan Hill bridge runners will run along the dirt track past Pickering's Transport, past the Murray Downs Homestead and continue on until they turn right onto Murray Downs Drive and head towards the Murray Downs Golf & Country Club.

Once they reach the Murray Downs Golf & Country Club runners will do a U-Turn and head all the way back to the Swan Hill bridge. After crossing the bridge they will run underneath the bridge and head north towards the wetlands along the River Walk footpath. Runners/walkers will then go around the Wetlands and across to the sealed road where they will turn left and run down Palaroo Street.

They will run along Palaroo St until they reach the Naretha St intersection where they will turn left. Runner will then continue until they reach the dead end of Naretha St where they will do a U Turn and run back along the length of Naretha St before turning left onto Hastings St.

Runners then make their way along Hastings / Milloo St until they reach the wetlands. They then run a lap of the wetlands before running back towards Riverside Park, under the bridge, past the 10 steps, into the Big 4 Caravan Park, through the caravan park and exit via the gate at the south end of the caravan park onto Monash Drive before entering into the Pioneer Settlement. They will then run/walk past the Lower Murray Inn, through the main street of the Pioneer Settlement and out the southern gate near the Gem.

They will then continue south, run past the GEM (boat) and turn left to go past the Spoons Riverside restaurant and through the carpark onto the track beside the river. Runners will continue to run along this track, following the river until they reach Pental Island Road. At this point they'll turn right to run West for a short distance before turning right just before the railway crossing and then running along the track beside the railway line.

This will take runners back to the track that they have already run along beside the river. Runners then make their way back along the riverside track, through the Spoons Riverside carpark, past the front of the restaurant, past the GEM (boat) and back up Monash Drive past the Pioneer Settlement, up the hill, around the BIG 4 Caravan Park, turn left at the Riverside Park Café to run along the concrete footpath past the skate park & fountain and finish in front of the sound shell. Distance 21km
